

1: Editing and Adding Buttons to the Item Panel Menus

Each button on the POS links to individual barcodes, before an item can be added to the panel it must first be created at the back office and a POS stock update performed. The Item Panel is then edited from the evoBackOffice.

For more detailed guidelines and creating additional menus see the evoPOS User Manual.

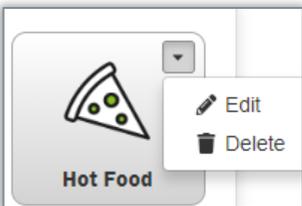

From the evoBackOffice home screen select configuration-> POS item panel editor

Moving a button

Buttons in the same menu can be drag and dropped to move them around the screen.

Click on the button you wish to move. Drag and drop it to its new location.

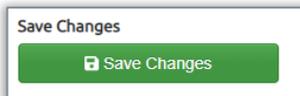

Deleting a button

Click on the drop-down arrow at the top right of the button.

Select **Delete**

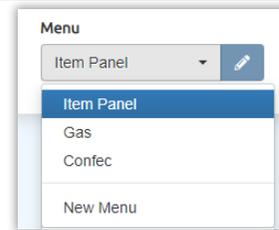

Always select **Save Changes** before navigating away from the menu to save all button changes.

Adding a new button

1

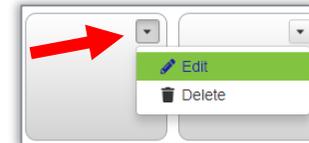

The Item Panel will be the first displayed.

Select from the drop-down list of menus the one the new button is to be added to.

2

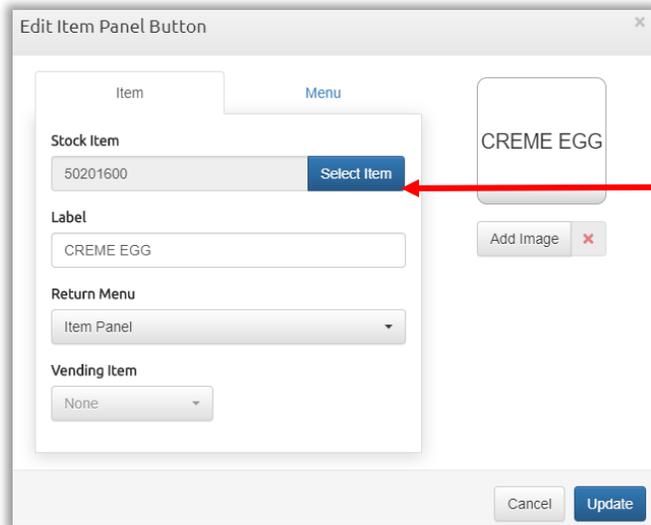

Click on the drop-down arrow on the top right of a blank button in the menu required.

Select **Edit**

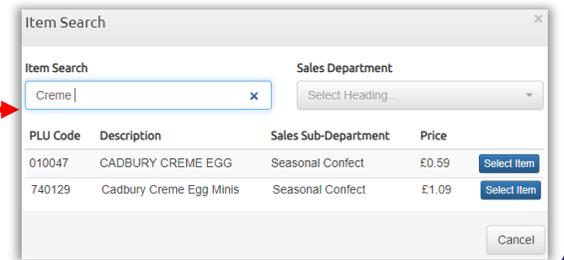

1: Editing and Adding Buttons to the Item Panel continued

From the evoBackOffice home screen select configuration-> POS item panel editor

*** Sites with fuel company loyalty schemes**
If an item to be allocated to the button maybe part of a loyalty promotion, always select the item by the barcode.

3 Click **Select Item** to search for the stock item to be added to the button.
In the **Item Search** box, key in either part of description, barcode * or PLU code to find the stock item.
Click **Select Item** as required.

PLU Code	Description	Sales Sub-Department	Price	
010047	CADBURY CREME EGG	Seasonal Confect	£0.59	Select Item
740129	Cadbury Creme Egg Minis	Seasonal Confect	£1.09	Select Item
